

Ulead MediaStudio Pro 8 Support

Ulead MediaStudio Pro 8 Service Pack 1 (Release Date: 2006/06/02)

MediaStudio Pro 8 Service Pack 1			
English			
File Size	Release Date	Download	
10MB	2006/06/02	site 1	site 2

NOTES:

- Service Pack 1 contains all previous Update Packs and the Hot Fix; there is no need to install any additional updates before or after installing Service Pack 1. If you have already installed any previous Update Packs, it is not necessary (or possible) to uninstall them.
- All languages (English, German and Japanese) and all editions except Trial should apply this service pack
- This service pack cannot be uninstalled.
- [Download](#) [Release Note](#)

What's New

- When you overlap video clips, one or more tooltips will show the duration of overlaps.
- **“Fast Update Mode” in Timeline Display Mode** - this mode improves thumbnail accuracy when you check “Filmstrip mode”. In Filmstrip mode, timeline thumbnails were not updated when you drag the video clip to change its time position; Fast Update Mode significantly improves display performance, but also means that thumbnails may drift with respect to time. UNCHECK “Fast Update Mode” to force the timeline to update thumbnails when time position is changed.
- **“Mute L, R, Ls, Rs Channels” button** is added in Audio Mixing Panel. Now you can mute the 4 channels and then adjust C & LFE independently.
- Add **Smart Compositor Designer** to SP1 – installation optional.
- In addition to SmartSound® Music CD, Auto Music now also supports SmartSound® Sound Palette CD.
- **Product AutoUpdate** feature added. Now, you can launch AutoUpdate in MediaStudio Pro 8 program group. It will go online to check if any updates are available and then provide the option to download or not. No personal information will be sent out in AutoUpdate, only the necessary product information to check the updater.
- Add **VideoStudio 10 project support**.
- Add **Anti-shaker filter** (actual name may be different). Now you can stabilize shaking videos with this easy but good result filter.

Fixes

- Please refer to the [release notes](#) for details.

Ulead VideoStudio 9 and MediaStudio Pro 8 Flash Update Pack (Release Date: 2006/01/26)

Ulead VideoStudio 9 and MediaStudio Pro 8 Flash Update Pack

Ulead MediaStudio Pro 8 FAQ

Installation/Download

- Is there reference material or a product manual on how to use the MediaStudio Pro 8 Smart Compositor?
 - Here is an [online tutorial](#) that on how to create new templates using the Smart Compositor tool.
- I previously used Ulead MediaStudio Pro 6.5/7. I now have purchased Ulead MediaStudio Pro 8 but cannot find Video Paint and CG Infinity.
 - CG Infinity and Video Paint are not included in Ulead MediaStudio Pro 8. MediaStudio Pro 8 is composed of the following components
 - Video Editor
 - Video Capture
 - Audio Editor
 - DVD MovieFactory
 - DVD DiskRecorder

CG Infinity and Video Paint are now sold separately under the name Ulead VideoGraphics Lab. Special upgrade pricing is available for MediaStudio Pro 8 users.

Visit [VideoGraphic Lab](#) page for more detail

- I have DVD MovieFactory 4 bundled with MediaStudio Pro 8. Is it possible to access DVD MovieFactory 4 as stand-alone software and not from within the MediaStudio Pro 8 Video Editor?
 - Yes. You can run DVD MovieFactory program directly by running 'DVDMF.EXE' from the 'C:\Program Files\Ulead Systems\Ulead MediaStudio Pro 8.0\DVD

Authoring' directory. For future sessions, you can also make a shortcut on your desktop.

The standard technique for accessing DVD MovieFactory 4 is to open the MediaStudio Pro 8 Video Editor and select its 'DVD authoring' option in the File menu.

- I'm trying to register the copy of Ulead DVD MovieFactory 4 that came included in the Ulead MediaStudio Pro 8 that I purchased. I can't find the serial number, however. How can I ask for a technical support for this software.
 - The version of DVD MovieFactory 4.0 bundled with MediaStudio Pro 8 does not have serial number so you will not be able to register the software in your Ulead account. If you require technical support for DVD MovieFactory 4.0, please use your MediaStudio Pro 8 product registration.
